Congress Passes Bill That Could Nearly Double Available H-2B Visas

Provisions that could double the number of H-2B visas were included in an omnibus spending bill approved by Congress early in the morning of March 23 and signed by President Trump later that day, the National Thoroughbred Racing Association said.

The language in the budget bill grants the U.S. Department of Homeland Security the authority to increase the cap on H-2B visas, which are a critical component of the Thoroughbred industry's foreign temporary workforce. The Homeland Security Secretary would make the determination after discussions with the U.S. Department of Labor.

Under language in the omnibus bill, the total number of H-2B visa workers that would be permitted to enter the U.S. in fiscal 2018 would be capped at 129,547, the NTRA said. There isn't much time to capitalize on it, however, as fiscal 2018 ends Sept. 30.

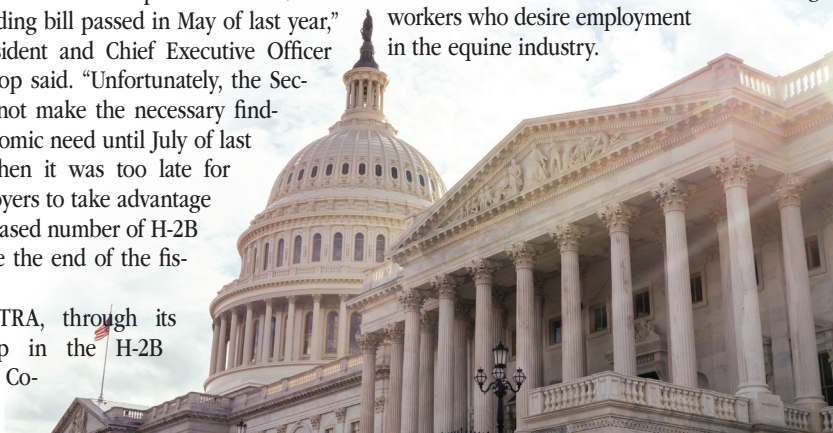

If fully implemented, the cap would be equal to the number of new and returning H-2B workers admitted to the U.S. in fiscal 2007, which is the fiscal year when the highest number of H-2B foreign temporary workers participated in the program.

"Congress provided the Secretary of Homeland Security with the same discretionary power to increase H-2B limits as part of the 2017 omnibus spending bill passed in May of last year," NTRA President and Chief Executive Officer Alex Waldrop said. "Unfortunately, the Secretary did not make the necessary finding of economic need until July of last summer when it was too late for most employers to take advantage of the increased number of H-2B visas before the end of the fiscal year."

The NTRA, through its membership in the H-2B Workforce Co-

alition, said it will "urge the (Trump) administration to swiftly implement this H-2B cap relief and will continue to encourage Congress to pass permanent H-2B cap relief."

Other industry organizations, including the THA, other horsemen's groups, and the American Horse Council continue to work in Washington, D.C., to push for broader immigration reform that would facilitate retention of foreign workers who desire employment in the equine industry.

Noah Grove Wins Gold At PyeongChang Paralympics

Eighteen-year-old Noah Grove, who had his left leg amputated below the knee when he was only 5 years old, has excelled as a sled hockey player, and his skills and dedication paid off in South Korea when he and other Team USA members captured the gold medal in the Winter Paralympic Games in March.

Grove, of Frederick, Md., is the son of Chris Grove, who won more than 680 races as a trainer based in Maryland. Team USA tied the sled hockey game with only 35 seconds in regulation and then scored a goal in sudden death to defeat the Canadian team.

Grove played in all five games with three goals and three assists.

"It's definitely a top moment in my life so far," Noah Grove said after the victory.

He was named to the Paralympic sled hockey team on Jan. 1, and previously played in the World Championship in 2017 in Gangneung, South Korea. Grove helped the U.S. win a silver medal while skating in all seven games of the series.

Grove also has skated in two World Sled Hockey Challenges and helped the U.S. team win two championships in 2016 and 2017, both times in Charlotte-town, Prince Edward Island, Canada.

Non-Stakes Trainer Bonus Added To BES, Preakness Programs

The Maryland Jockey Club has added a \$50,000 bonus for trainers who accumulate the most points in all non-stakes on May 18 (Black-Eyed Susan Day) and May 19 (Preakness Day) at Pimlico Race Course.

This is in addition to the \$100,000 trainer bonus for points accrued in 15 stakes on those two days. MJC officials said the non-stakes bonus program is designed to help boost field size as well as reward local trainers who support overnight races.

Points in the non-stakes will be awarded as follows: 10 for first, seven for second, five for third, three for fourth, and one point for starting in a race. First place is worth \$25,000, followed by \$10,000 for second, \$7,500 for third, \$4,000 for fourth, \$2,500 for fifth and \$1,000 for sixth.

For the stakes bonus, a trainer must race a minimum of five horses in combined stakes to qualify over the two days. First prize is \$50,000, followed by \$25,000 for second, \$12,000 for third, \$7,000 for fourth, \$4,000 for fifth and \$2,000 for sixth. Points are awarded under the same formula as the non-stakes bonus program.

Commission Adopts Update To Claiming Regulations

The Maryland Racing Commission March 22 adopted a new provision to claiming regulations that prohibit a trainer who also has an owner's license from claiming a horse as an owner while he or she is under suspension.

The new language stemmed from discussions with the MTHA and was endorsed by the MRC at a meeting last year. MRC Executive Director Mike Hopkins said the regulation must now be sent to and published in the Maryland Register, and that it would take effect by May 1.

➔ Noah Grove, From Page 1 —

Earlier this year, the world traveler also skated in Italy in the Turin Para Ice Hockey International Tournament, which Team USA won.

Grove was diagnosed with bone cancer at the age of 4, and lost his left leg at the age of 5. The Maryland racing community at the time created the "Noah Fund" to provide assistance for the child's needs, which included artificial limbs. More than \$120,000 was raised.

The Grove family was able to witness the Winter Paralympic Games in person.

"It was a great experience," said Chris Grove, who is assisting the MTHA in organizing the upcoming Groom Elite program for Maryland backstretch workers. "Our whole family went to South Korea. Most of my journey in my life has been my own, so to be able to follow Noah's is a pretty great experience."

"Team USA were the definite favorites, but the game was exciting. Once we tied it and it went to overtime, I think Canada was exhausted. Noah is the youngest member of the team, so that probably will allow him to participate in the next three Olympics."

Grove looks back fondly on the "Night for Noah" fundraiser and the impact it had on his son and the family. The project was organized by Fran Raffetto, wife of then-Maryland Jockey Club President Lou Raffetto Jr., with assistance from many others.

It was a very big help for Noah," Grove said. "It was amazing."
